

Featuring exclusive snap-mount adapter plate
for easy installation and inventory reduction.

MULT-E Kit®

The Compact Fluorescent Ballast Replacement Kit combined with
a 10-unit pack of screw-mount compact fluorescent lampholders is
The simple and complete solution

Universal™ CFL Mult-E Kit®

Replaces Three SKUs With One Versatile Kit

Our snap-mount adapter plate makes CFL ballast replacement simpler than ever!

Universal™ Lighting's new **Mult-E Kit®** offers multiple mounting connections for the wide variety of compact fluorescent fixtures available today. It's the ideal replacement solution for virtually every installed CFL application.

Mult-E Kit® gives you multi-exit configurations for both side-exit and bottom-exit replacement applications. Our unique snap-mount adapter plate provides mounting studs when required and allows for center hole lead-exit replacements. **Mult-E Kit®** installs faster than most replacement ballasts because there's no additional hardware required for adapter plate use.

The snap-mount adapter plate provides quick attachment with no additional hardware.

Versatile Wiring and Mounting Configurations

- Fits virtually every J-Box cover and fixture application

Side lead exit

Bottom lead exit

Bottom lead exit
with studs

Bottom lead center
exit with studs

Features and Benefits

- Universal input voltage (108 – 305 volts, 50/60Hz)
 - Installer-friendly; ensures you have the right ballast every time
 - Reduces inventory costs and requirements
- 1- or 2- lamp operation of multiple lamp applications
- End-of-lamp life shutdown circuit for safe operation
- Auto-reset of lamp after shutdown
 - Lets you replace lamp without turning off power
- THD<10%; Power Factor >.98
- Programmed Rapid Start (PRS) to maximize lamp life
- Cool operation extends ballast life
- Low-temperature starting down to 0°F
- Color coded terminals for wiring simplicity
- White case to eliminate ballast shadows

MULT-E Kit®

CFL **MULT-E** Kit[®]

**Reduce your inventory requirements
and simplify your CFL ballast orders!**

Features and Benefits

- Casing: Polycarbonate or PBT GF high-heat resistant material
- Push-in terminals for 18AWG solid or solder-dipped stranded cable
- Fatigue-free steel support springs for secure lamp fit
- G24q-3/4 universal versions for lamps 26 through 42
- Various mounting styles including snap-in and push-fit version for secure fast assembly
- Available in distributor packs of 10 units
- cUL listed
