3M™ Adhesive Remover*

A solvent based product that quickly removes adhesive residue.

- PN 38080	1 gallon can
- PN 38081	5 gallon pail
- PN 38082	55 gallon drum

3M™ Adhesive Remover is a ready-to-use blend of petroleum solvents designed to remove adhesive deposits from exterior vehicle surfaces. To minimize the possibility of staining, do not apply in direct sunlight or onto a hot surface.

Directions for Use:

1. Soak cloth with 3M™ Adhesive Remover and apply onto the surface.
2. Rub thoroughly with a soft cloth and remove the excess material with a clean, dry, soft cloth. Repeat as necessary.
3. For stubborn deposits, apply material, allow to soak for one minute and scrub.

Tips:

- For difficult oil-based stains on fabric apply 3M™ Adhesive Remover, scrub, and clean using 3M™ All Purpose Cleaner and Degreaser or 3M™ Multi-Purpose Cleaner.
- Use 3M™ Premium Glass Cleaner concentrate undiluted for removing tree sap from exterior windows.
