- **No UV or IR Radiation**
- **No Mercury**
- **Low Power** consumption- Only **5.8w/ft**
- Compact for installation in narrow space
- **Long Life 40,000 Hour**- Guaranteed for 5 Years
- **Maintenance Free**
- **Durable**- No brittle parts, Solid State, High Shock/ Vibration Resistance
- Can be cut every 3 LED's for any **Custom Design**

## Specifications

- Wattage:** 5.8w/ft
- Dimensions:** 5m x 10mm x 1.8mm
- Continuous Connection:** 5m
- Beam Angle:** 100°
- Light Source:** 3020 SMD LED
- Rated Life Span:** 40,000hrs
- Input Voltage:** 12V AC
- Current:** 8A
- Max Consumption:** 96w
- Running Temperature:** <53° C
- Working Temperature:** -30~110° C
- Storage Temperature:** -40~120° C
- Light Attenuation Quotient:** 3%-5%/1Kh

## Order Code

Product Code	Colour	Colour Temp	Initial Lumens	Rated Life (Hr)
ES600WW	WARM WHITE	3000K	4080	40,000
ES600W	COOL WHITE	6000K	5100	40,000

5Meter Rolls/ Continuous Connection 5 Meters/ Separates Every Inch

**CAUTION:** To avoid the risk of burn or other injury, turn off power and allow the strip lighting to fully cool before attempting to replace. Inspect and replace connections if deterioration has occurred.
