

TYPE ASC

Features

- Manufactured from high strength aluminum alloy
- Chamfered barrel
- Pre-filled with DE-OX
- Color coded end cap inserted in each end
- Designed to meet utility requirements

Benefits

- Provides maximum conductivity and excellent crimping characteristics
- Provides easy conductor insertion
- Prevents oxides from forming
- Prevents foreign materials from entering the connector prior to usage
- Utilizes standard CSA dies

Catalog Number	Wire Range Copper or Aluminum	Minimum Strip Length	Overall Length	Tooling Die Number
ASC-2	2Str. or Comp.	1.500	3.250	CSA Die 22
ASC-1/0	1/0Str. or Comp.	1.875	4.000	CSA Die 22
ASC-2/0	2/0Str. or Comp.	1.875	4.000	CSA Die 22
ASC-3/0	3/0Str. or Comp.	1.900	4.050	CSA Die 24
ASC-4/0	4/0Str. or Comp.	2.375	5.000	CSA Die 24
ASC-250	250MCM or Comp.	2.375	5.000	CSA Die 26
