Greenlee Stainless Steel 7.5" Wire
Stripper/Cutter/Crimper 10-18 AWG

Cat No: 1955-SS

UPC No: 783310013617

Description

- High grade stainless steel lasts 5X longer
- Precision ground stripping holes offer easy, consistent jacket removal
- Strips 10-18 AWG Solid and 12-20 AWG Stranded conductors
- Cleanly shears 6-32 and 8-32 bolts
- Crimps 16-10 insulated and non-insulated terminals
- Multiple functions include plier nose, strippers, cutter, looping holes, crimper, bolt re-thread/shear and spring back with low profile lock
- High Grade knives resist chipping and marring
- Looping holes and serrated nose for bending, pulling and shaping wires
- Long-life spring and low-profile lock for quick, repetitive stripping and cutting
- Vinyl cushion grip resists slipping and has an ergonomic fit
