

### MODEL OT-60D

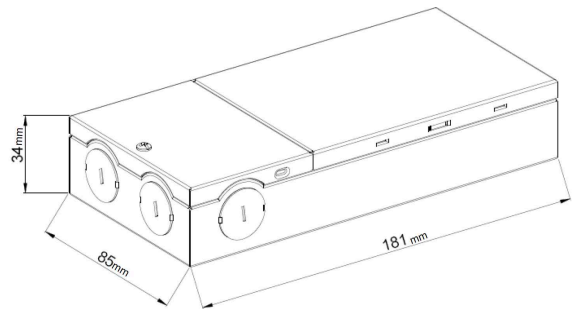

#### HIGHLIGHTS

- Constant voltage output
- Integrated junction box for hard wire installation
- Fully isolated metal case - Cooling by air convection
- Strong compatibility, flicker-free dimming
- Suitable for LED lighting and moving sign applications and others
- Suitable for dry or damp location use, IP20

#### ABOUT

- **Input:** 108-127V AC
- **Output:** 12V DC
- **Maximum Wattage:** 60W
- **Amps:** 5A
- **Efficiency:** up to 86%
- **Dimensions:** 7.12" x 3.34" x 1.33"
- **Dimmable:** Yes
- **Protection:** short circuit / Over voltage
