

Renu® Receptacles

Leviton Renu® receptacles feature a shallow design that easily installs in any wallbox and is self grounded when installed in a properly grounded metal wallbox. Back and side wiring options allow for quick and convenient installation. Renu® receptacles are tamper-resistant with a built-in shutter mechanism that blocks access to the contacts unless a two-prong plug is inserted.

Features and Benefits

- Shallow depth for easier installation
- Self-grounded when installed in a properly grounded metal wallbox
- Back and side wired for fast, easy installation
- Terminals designed to withstand high torque and resist wire pullout
- Tamper-resistant to meet the child safety requirements of the National Electrical Code®
- Innovative tongue and groove design for effortless alignment in multi-gang installations
- No subplate behind the wallplate or visible mounting screws
- Receptacle face easily snaps OFF and ON to change color
- Once installed, Renu® receptacles can be updated to a new color by ordering the a color change kit
- To complete the look, snap on a matching or contrasting Renu® screwless wallplate (sold separately)
- Use only with Renu® wallplates
- Backed by a limited 5-year warranty
