Leviton Decora Smart Wi-Fi Plug-in Outlet, Motor loads up to ½ HP including Appliances, Lamps, Fans, Fountains, and More. Works with Amazon Alexa and Google Assistant, No Hub Required.

Start automating and controlling your small appliances, fans and motors using the Decora Smart Wi-Fi Plug-in Outlet. Use the free My Leviton iOS or Android app to add/name devices and to control them individually or as a room with a single button push. Create schedules, scenes and customize your experience as desired. Add an Amazon Alexa or Google Assistant device to use voice commands like, "Alexa, turn the floor fan on". Rated for motor loads up to 1/2 HP including appliances, lamps, fans, fountains and more no new wiring required. Customize your experience with adjustable fade rates, maximum/minimum illumination levels, and more if desired. Ideal for any residential setting where remote ON/OFF switching of appliances, motor loads up to 1/2 HP, or freestanding lights, including LED, Incandescent, Inductive, Fluorescent or Compact Fluorescent loads is needed. Typical applications include switching of lamps, portable fans, kitchen appliances, indoor fountains and more.
Reduce energy consumption, provide dramatic scene transitions, and utilize the affordable plug-in for wireless control of lamps, small appliances, holiday lighting and more.
Decora Smart devices are designed for countries which follow NEMA standards including the United States, Canada and parts of South America.
MEET THE FAMILY
Scroll to see features of this product, or click here to learn more about Decora Smart.
WORKS WITH NEST
Use any Nest device to act as a lighting trigger. Illuminate the porch upon motion detection, blink lights during an alarm, or turn all lights off when away – automatically.
AMAZON ALEXA VOICE CONTROL
Compatible with all products that support Amazon Alexa providing voice control of the load: "Alexa, turn on living room lights". Alexa devices (including Echo, Dot, and Tap) sold separately. Learn how to pair your Decora Smart™ devices to your Amazon Alexa device.
GOOGLE ASSISTANT VOICE CONTROL
Utilize Google Home, a voice-enabled speaker powered by the Google Assistant, to easily control smart devices as well as interior and exterior lights around the home. "Ok Google, turn [Everything] On/Off" Learn how to pair your Decora Smart™ devices to your Google Assistant device..
NO HUB REQUIRED
If you have Wi-Fi and a smartphone, you can now have a smart home! No hubs, gateways, controllers, or systems required. Simply install your devices, download the app, and start controlling/automating today. Add additional Decora Smart Wi-Fi devices at any time to expand your eco-system.

LOW-WATTAGE LED LOADS
Engineered to function with extremely sensitive, low-wattage light sources, such as a single LED bulb in a hallway or a strand of holiday lights, ensuring LEDs do not glow when off.

Features and Benefits

BENEFITS

- Control your lights from anywhere using the free My Leviton app for iOS and Android, no hub required.
- Voice Control using Amazon Alexa and Google Assistant devices (sold separately).
- Works with Nest – automate lighting based on cameras, thermostats, sensors, and alarms.
- Integrate with IFTTT, utilize auto-shutoff in closets, hallways and bathrooms; plus engage home vs. away to enact randomization of lighting control.
- Simplify control of your home - schedule lights and connected loads to turn on/off at specific times or based on sunrise/sunset, easily group your smart devices into rooms, and create scenes to activate multiple lights at once.
- Designed and engineered in USA; the complete solution (hardware, app and cloud) is manufactured by Leviton

FEATURES

- Quiet relay switching
- Transient surge protection to IEC Level 4 ESD protection to IEC 1000 4-2 Level 4 to protect against damage
