

## Data sheet

## US2:FSPHONE4X

Siemens Low Voltage Electric Vehicle Charging Stations -Electric Vehicle Supply Equipment (EVSE) for the IEC market; Products are available in single or three phase variants with different lengths of connector cable and the selection of whether a Sub Brand: FirstSurge Appn: Residential Std: UL 497C phase: 1 Mounting: Surface Connection: Wired Size: 4Lx1Hx1H Material: CONTACT MANUFACTURER Operating Temperature: 40 - 60 DEG C

| General technical data                        |                      |
|---|----------------------|
| fastening method                              | Surface              |
| phase number                                  | 1                    |
| suitability for operation                     | Residential          |
| Electricity                                   |                      |
| supply voltage frequency rated value 50/60 Hz | No                   |
| Model   |                      |
| product brand name                            | Siemens              |
| product sub brand name                        | FirstSurge           |
| type of electrical connection                 | Wired                |
| Mechanical Design                             |                      |
| depth [in]                                    | 1 in                 |
| height [in]                                   | 4 in                 |
| material                                      | CONTACT MANUFACTURER |
| width [in]                                    | 1 in                 |
| General product approval                      |                      |
| certificate of suitability                    | UL 497C              |
