

Wiremold
Rectangular Outlet Floor Box Kit - Nickel
Part No. LEGFB1DRN

880W Series™ Wood Floor Boxes provides an excellent solution for unique wood floor applications when power and communication services are required in remote locations, as in a large, open space area. This wood floor box series is available in a rectangular design in one-, two, or three-gang configurations and can be used in any wood frame construction. 880W Series Wood Floor Boxes have many different applications. Some of those include upscale housing, home offices, board rooms, and gymnasiums.

Features & Benefits

A rectangular wood floor box kit with a nickel finish that supplies power in open space living. The kit includes the box, cover and a 15A Tamper resistant receptacle. It can be installed on carpet, wood, natural stone and tile floors that have a wooden subfloor.

Meet code without headaches or hassles

Match any household decor

Fits in any floor type with wooden subfloors

Each kit comes with everything you need: the cover, box and receptacle

Help customers add power and meet residential outlet spacing requirements

Choose from nickel or brass plates to blend in seamlessly with most residential flooring types
