

# Power Outlet Box for RV and EV

## POB-RVEV

POB-RVEV-50A-1450R

Receptacle rated for use with 75°C Copper conductor

The power outlet box features a selection of NEMA receptacles, designed for reliable, **continuous 30A or 50A draw** suited for charging **electric vehicles, recreational vehicles** and other **high-power appliances**. Its durable construction ensures safe and efficient performance for outdoor applications, making it an essential addition for any EV-ready home or facility with a plug in EV charger, Recreational Vehicle or power appliances. The POB-RVEV receptacle is rated for use with **75°C Copper** conductors. An optional adaptor plate is offered to use with LEVITON 1450R or 1450W 50 Amp EV Charging Receptacles.
