

# Solenoid coil VACC-S18-35-A1-3A

Part number: 562909

FESTO

## Data sheet

| Feature                                      | Value                                      |
|----------------------------------------------|--------------------------------------------|
| Type of actuation                            | Electric                                   |
| Mounting position                            | optional                                   |
| Switching position indicator                 | no                                         |
| Duty cycle                                   | 100%                                       |
| Insulation material class                    | H                                          |
| Characteristic coil data                     | 230 V AC: 50/60 Hz, power 3.5 VA           |
| Permissible voltage fluctuations             | -15%/+10%                                  |
| CE mark (see declaration of conformity)      | To EU Low Voltage Directive                |
| UKCA marking (see declaration of conformity) | To UK regulations for electrical equipment |
| Corrosion resistance class CRC               | 4 - Very high corrosion stress             |
| LABS (PWIS) conformity                       | VDMA24364 zone III                         |
| Degree of protection                         | IP65                                       |
| Ambient temperature                          | -20 °C...60 °C                             |
| Product weight                               | 580 g                                      |
| Electrical connection                        | Type A<br>Plugs<br>To EN 175301-803        |
| Note on materials                            | RoHS-compliant                             |
| Material solenoid coil                       | PA<br>Steel                                |
