

A-C-H-G-SSS-157696 (Order no. 157696)

Straight actuator for stainless-steel safety switch CTP

- ▶ Stainless-steel version
- ▶ Straight actuator
- ▶ Two safety screws included

medium-resistant stainless-steel version

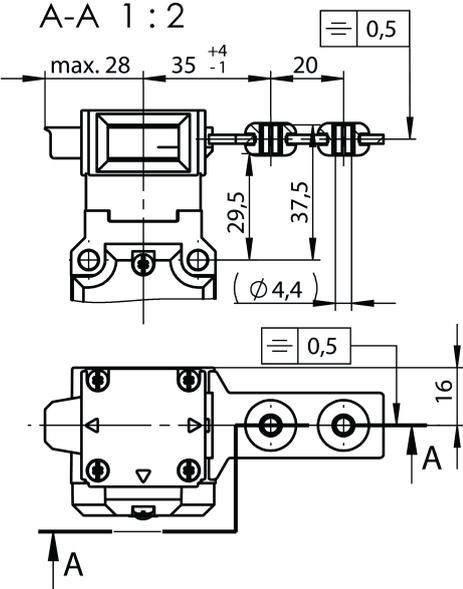

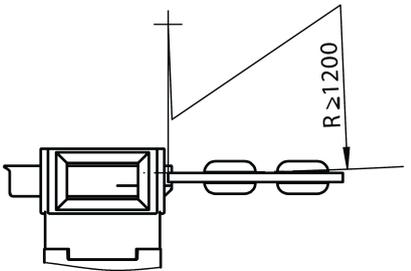

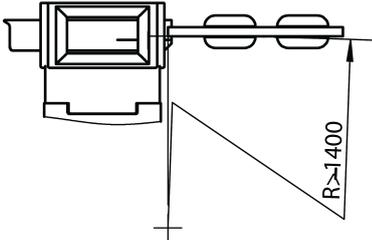

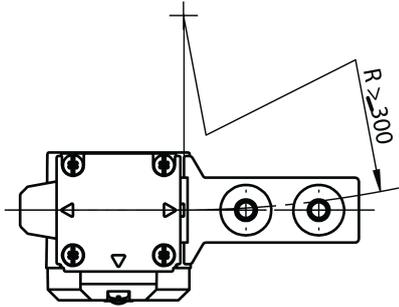

robust, tough and largely media resistant. The actuator consists of high-quality stainless steel, and it is designed for use with the stainless-steel CTP version.

Straight actuator

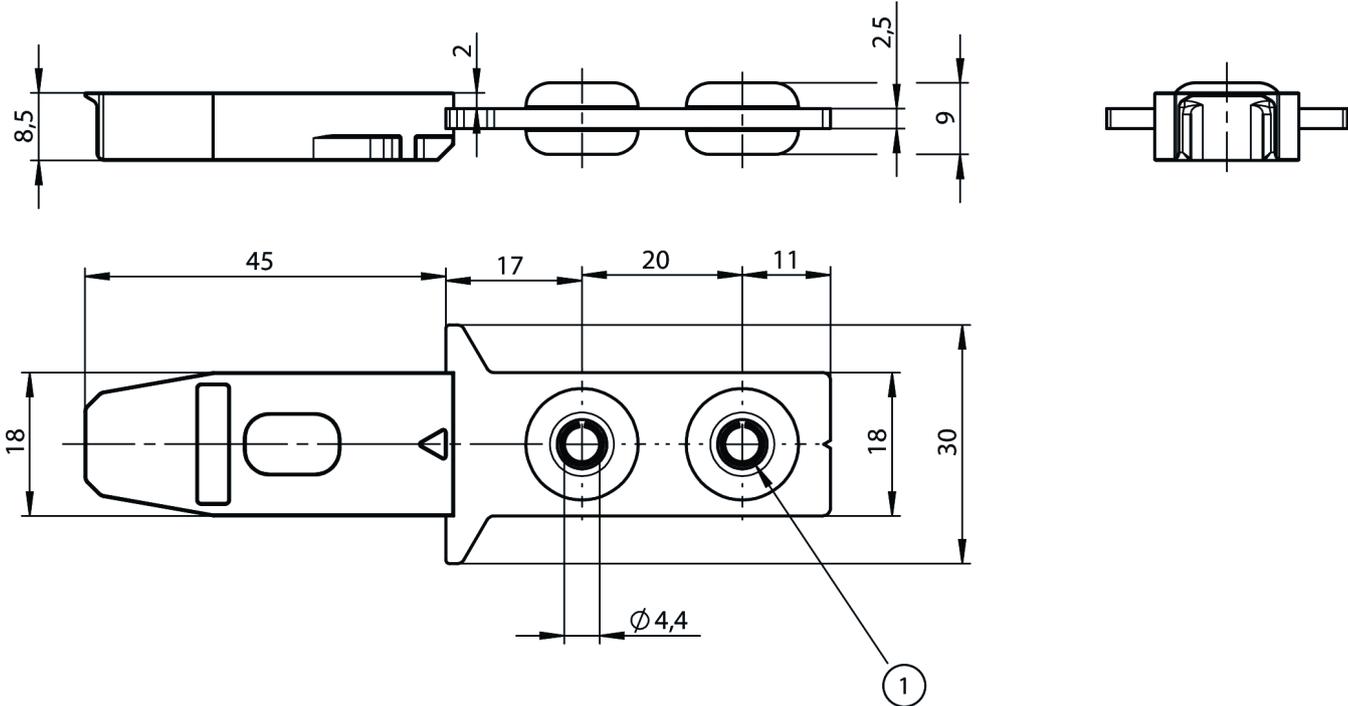

The straight actuator is used on sliding doors or hinged doors with door radii greater than 300 mm. Safety screws prevent unscrewing of the actuators.

The safety screws included can be inserted with a normal tool, but cannot be removed again.
