

RADIUSBETAETIGER-Z-U-C2241 (Order no. 103845)

Technical data

Approvals

Mechanical values and environment

Storage temperature	-25 ... 70 °C
---------------------	---------------

Overtravel	max. 4 mm
------------	-----------

Door radius	min. 165 mm
-------------	-------------

Material

Actuator	Stainless steel
----------	-----------------

Screw	Stainless steel
-------	-----------------

Miscellaneous

C number	
----------	--

C2241	Actuator made of solid metal
-------	------------------------------

Usability of insertion funnel	No
-------------------------------	----
