

RADIUSBETAETIGER-P-OU (Order no. 070050)

Hinged actuator, top/bottom, for safety switch NP/GP/TP

- ▶ Actuator made of stainless steel
- ▶ Two stainless-steel safety screws per actuator
- ▶ For top-hinged and bottom-hinged doors

Hinged actuators

For door radii less than 1000 mm a hinged actuator should be used. The spring action movement of the actuator prevents damage due to the actuator jamming in the actuating head. Depending on the movement of the guard, the actuator must be selected for left/right or top/bottom.
