

MGBS-H-BA1A3-L-157544 (Order no. 157544)

Handle module MGBS-H-BA1A3-L

- ▶ Intelligent bolt tongue
- ▶ Door hinge on left (not adjustable)
- ▶ Automatically extending lockout mechanism
- ▶ Door handle

Bolt tongue

The bolt tongue is safely detected by a transponder as soon as it is inserted into the switch.

Door hinge

For doors hinged on the left. The door hinge cannot be changed.

Lockout mechanism (automatically extending)

For cleaning and service on the machine the bolt tongue can be locked with max. 3 padlocks.

The lockout mechanism extends automatically on the actuation of the handle and prevents the operation of the handle in the safe state.

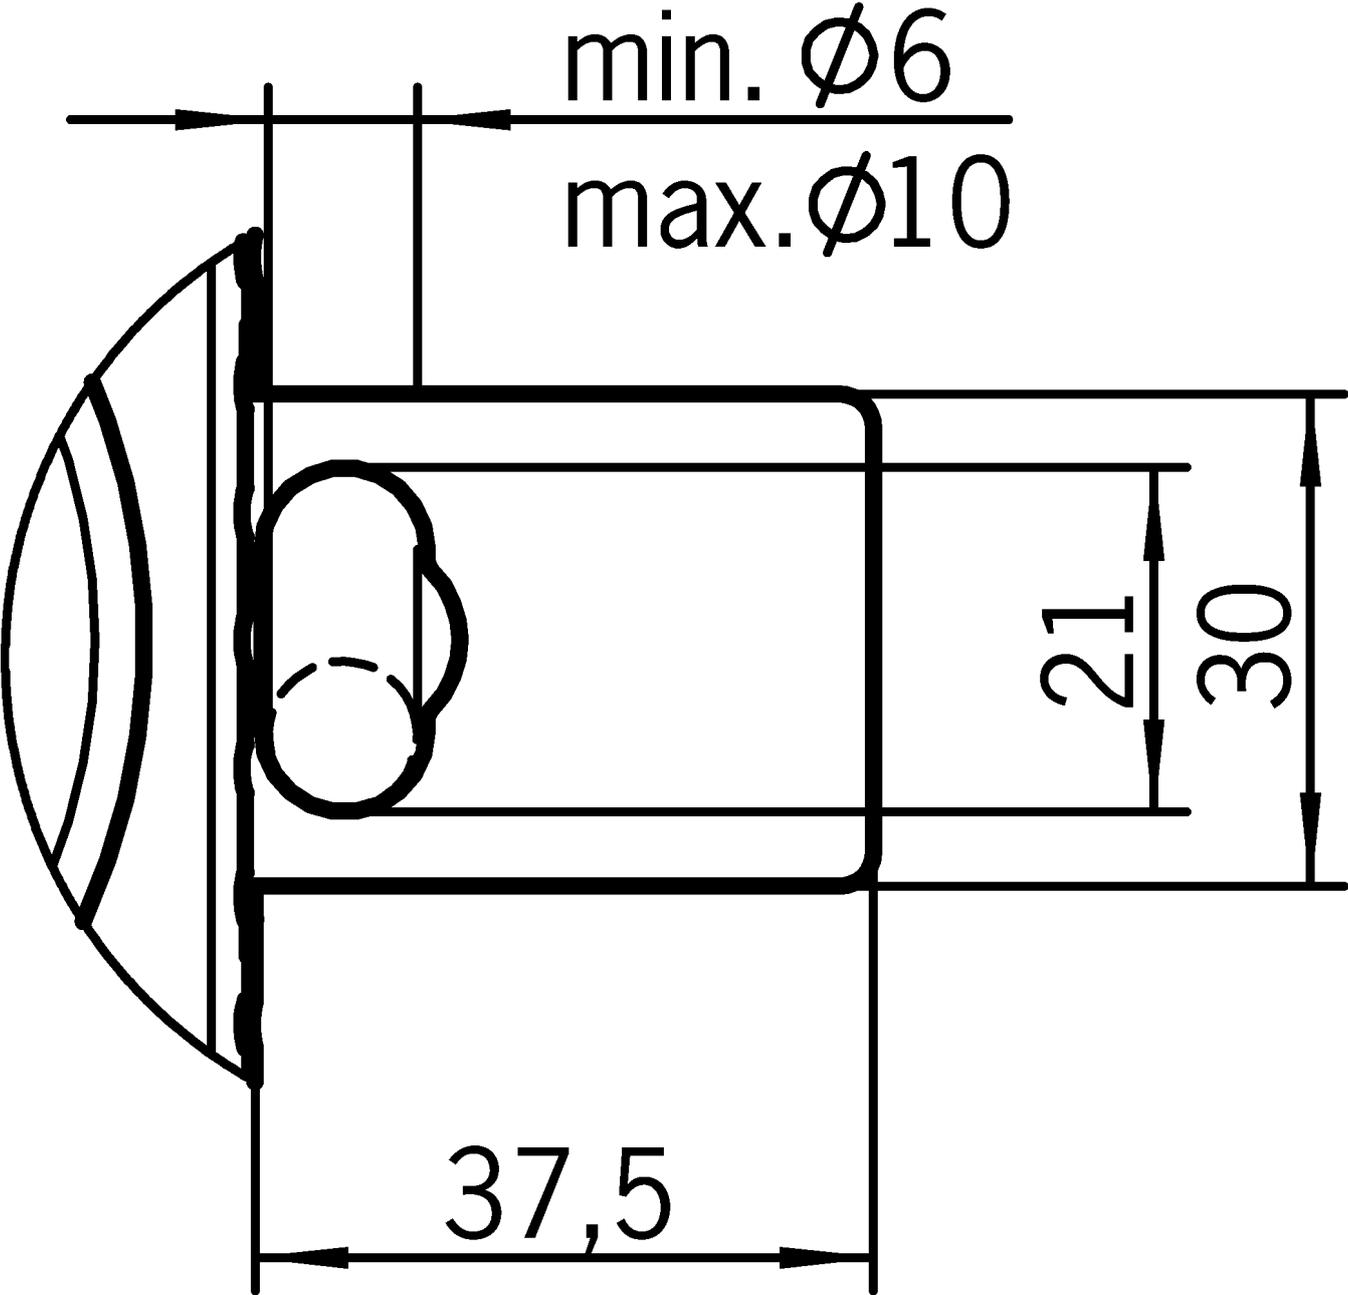

Door handle

The MGBS has a robust door handle that can be rotated in 90° steps to suit all installations. The handle rotating direction is simple to adjust.

Door knob

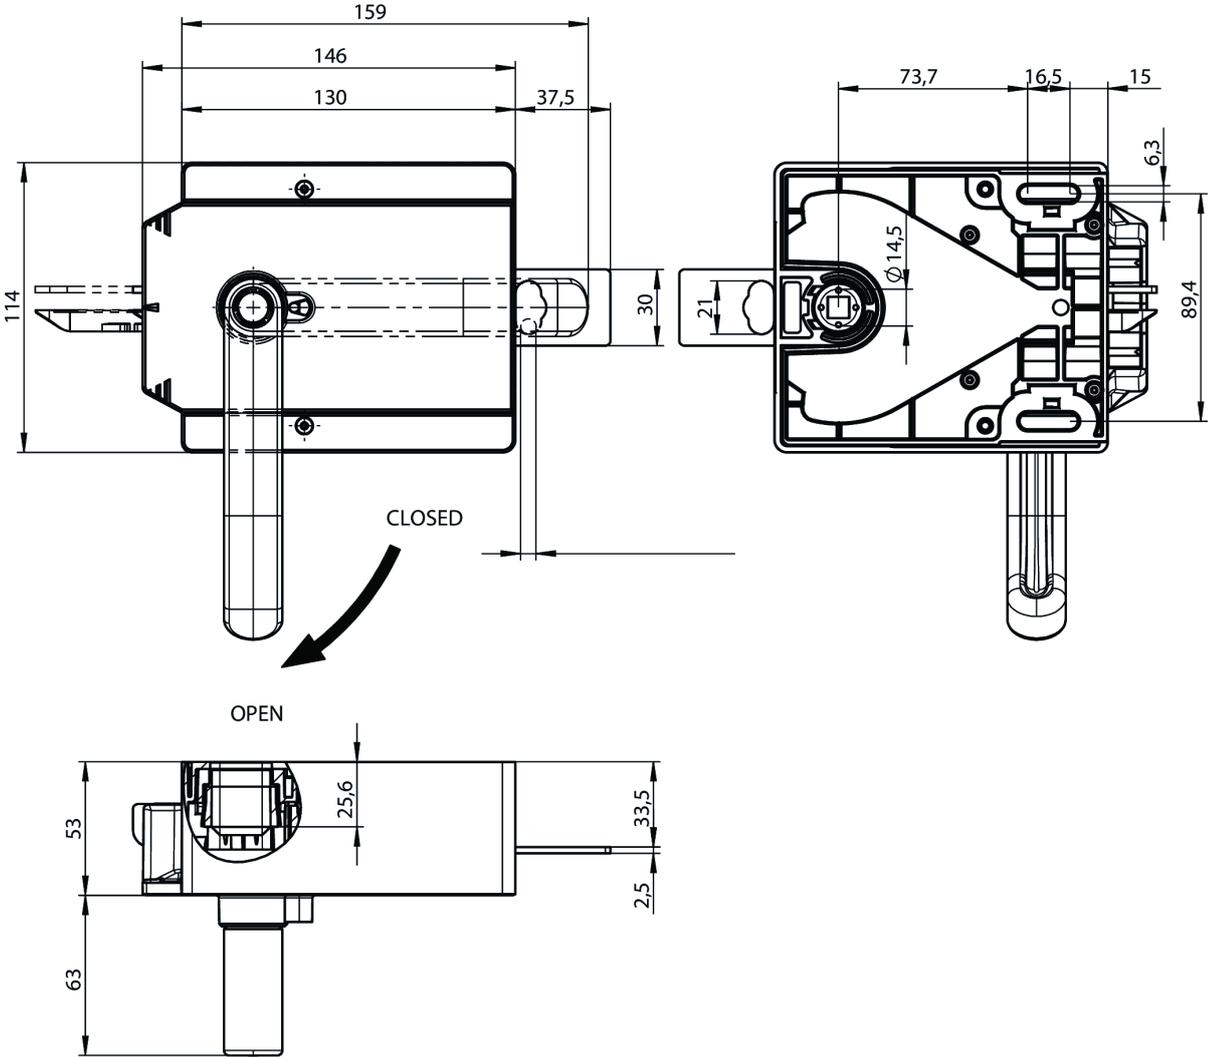

As an alternative to the door handle, the handle module can also be equipped with a door knob.
