Features

General

Constructed of galvanized steel, this new construction pre-mounting plate with concentric knock-out holes, used to mount 3½" and 4¼" housings.

Mounting

The plate includes mounting holes to satisfy any type of installation. The plate also includes holding brackets for use with hanger bars (RCH507 – sold separately). Alignment notches on plate to help aligning multiple plates.

Description

The P-3500 is a 3½" and 4¼" new construction pre-mounting plate with concentric knock-out holes, for use with 3½" and 4¼" housings.

Notes: Due to our continued efforts to improve our products, product specifications are subject to change without notice.
