

#### Non-metallic power connection kit with junction box, DP-Kit

Designed to fabricate power connections, in-line/T-splice connections or for making end terminations. Electrical connections are made in terminal blocks utilizing nickel-plated copper terminals to ensure corrosion-free electrical integrity. (PETK kit required, order separately)

#### Power Connection Gland Kit w/o Junction Box, 18-SXG-KIT

Non-hazardous power connection kit includes rubber boot, RTV adhesive, grommet and gland connector. Junction box not included.

#### End-of-circuit light kit with junction box, DE-B

Designed to provide visual indication of an energized heating circuit. The DE-B utilizes a high-intensity green LED assembly for superior day or night visibility. Type 4X pipe-mounted fitting with locking splice cover, stainless steel pipe attachment band for piping 10" or less. (SCTK termination kit required, order separately)

#### 3M™ End Termination Kit, ET-6C

End termination kits are designed to properly terminate the end (away from power) of an SX heat-tracing circuit. Each kit includes two rubber end caps plus RTV adhesive.

#### 3M™ End Termination Kit, ET-4S

End termination kits are specifically designed for roof and gutter applications. Each kit contains one UV-resistant heat shrink end cap.

#### Power and End termination kit for DP Kit, PETK-1D

Power and End Termination Kit, PETK-1D, is designed for use with TTS™ Heating Cable. This kit includes one power connection boot, one end cap, RTV Sealant, and one caution label.
