

AM-C-124979 (Order no. 124979)

Cover for actuator CET

- ▶ Horizontal and vertical mounting option on the actuator
- ▶ Mounting using 4 screws M5x16 (included with the actuator)

Combination options

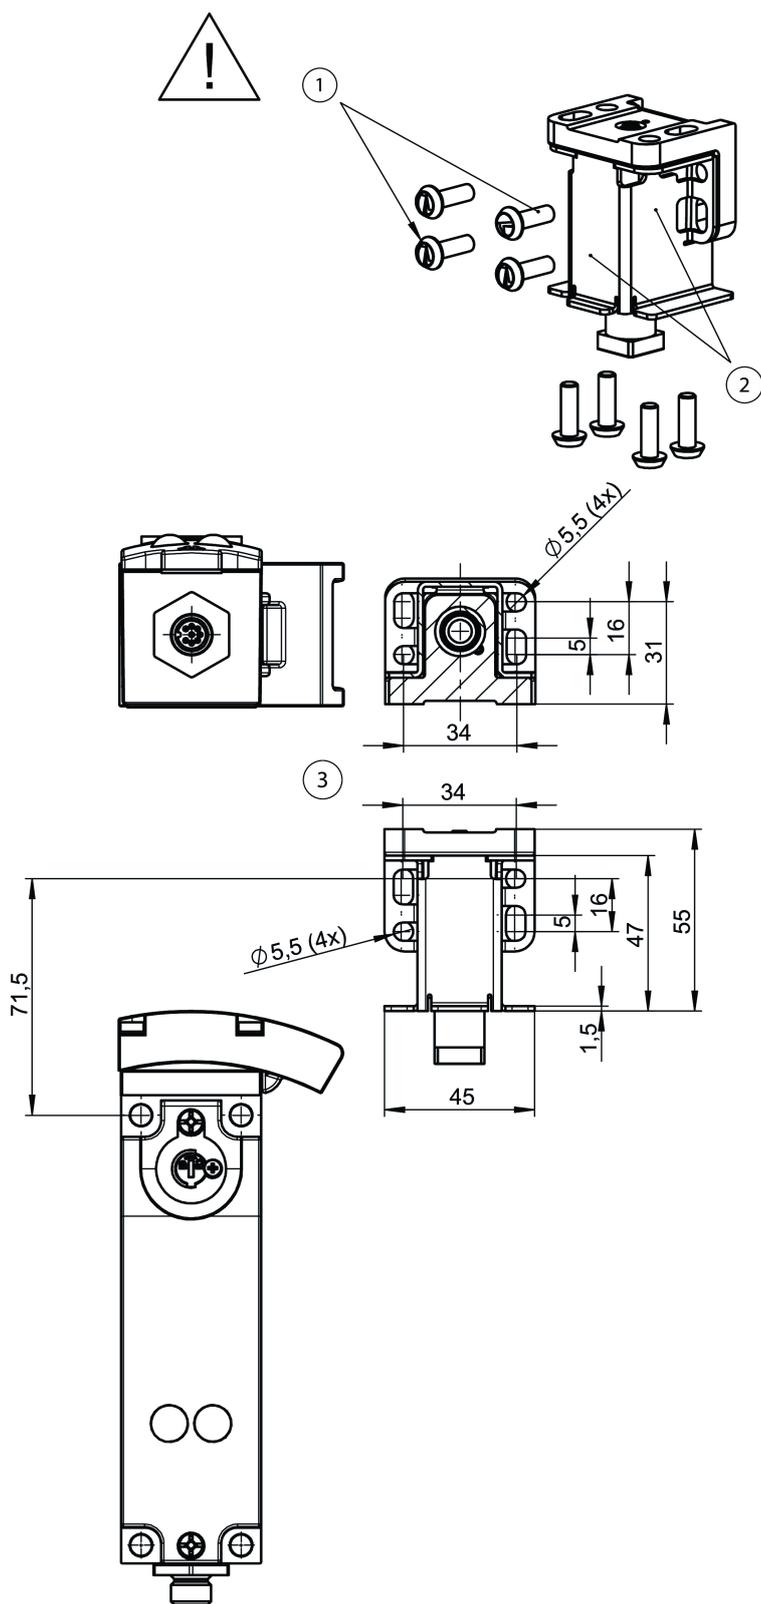

The cover can be combined with the following lockout bars:

- ▶ AE-SET-LCHN-A1-155865 lockout bar and holder for CET actuator
- ▶ AE-L-CET-156429 lockout bar for CET actuator

Important: Combination with lockout bar AE-L-CET-122609 is not permissible.

With the CET cover, tampering on the CET is effectively prevented. The cover prevents the use of simple tools to manually press up the spring-mounted guard locking pin (on the actuator).

Dimensional drawings

- 1 Use safety screws M5x16 (included with the actuator)
- 2 The cover is fitted using the safety screws for the actuator
- 3 The cover must not touch the CET switch
