

MGB2-L1H-MLI-U-CA-L-161929 (Order no. 161929)

Locking set MGB2-L1... (3 pushbuttons, M12 plug connector for enabling switch, closed-circuit current principle, door hinge on left)

- ▶ Guard locking with guard lock monitoring
- ▶ 3 illuminated pushbuttons
- ▶ M12 plug connector for enabling switch
- ▶ Adjustable door hinge; factory setting: left
- ▶ Unicode
- ▶ For connection to any bus module MBM
- ▶ Remote or direct mounting of bus module MBM

Guard locking type

MGB2- Guard locking by spring force. Release by applying voltage to the guard locking solenoid.
L1... (closed-circuit current principle)

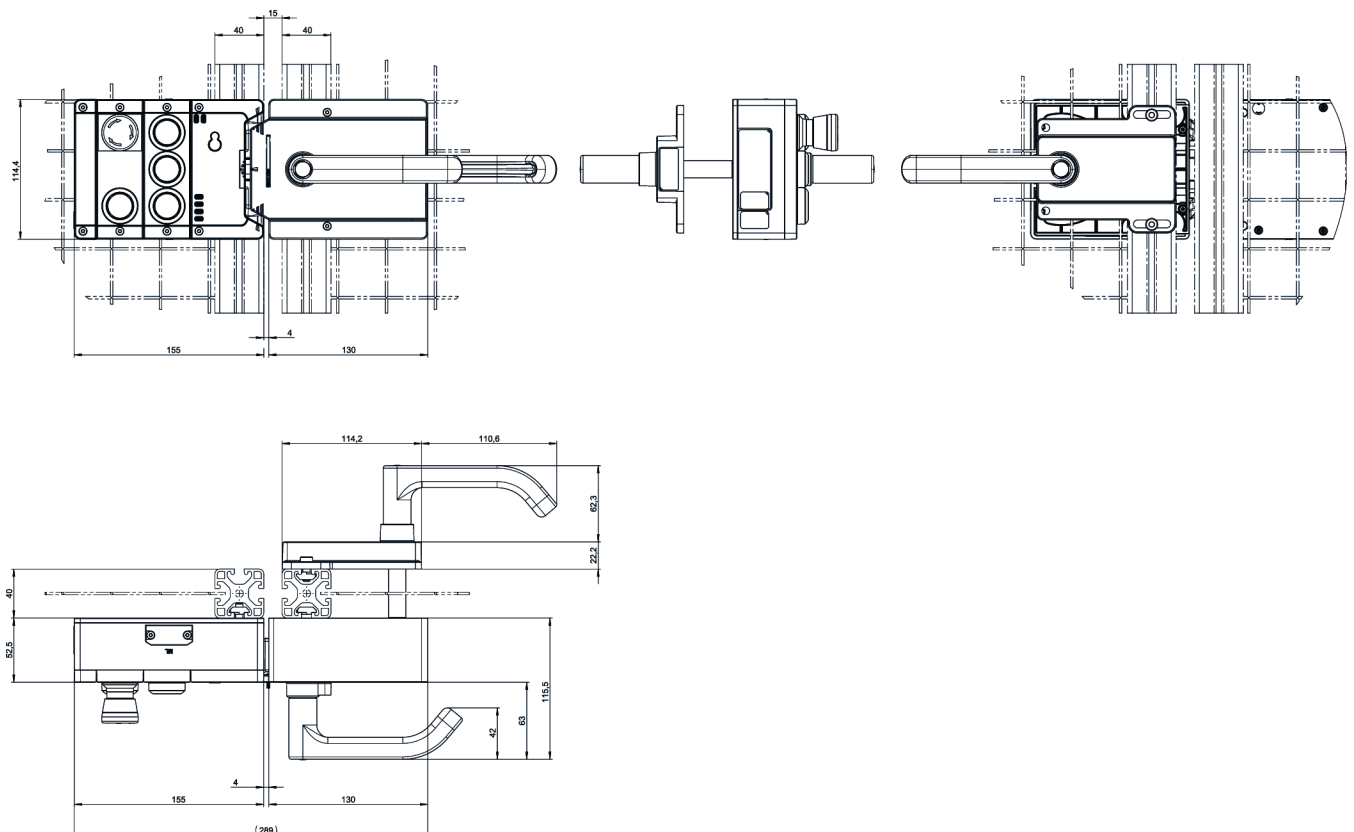

Flexible connection to any bus module MBM

The locking set can be connected to any bus module MBM, making it the ideal choice for supplementing or expanding existing systems.

Remote mounting

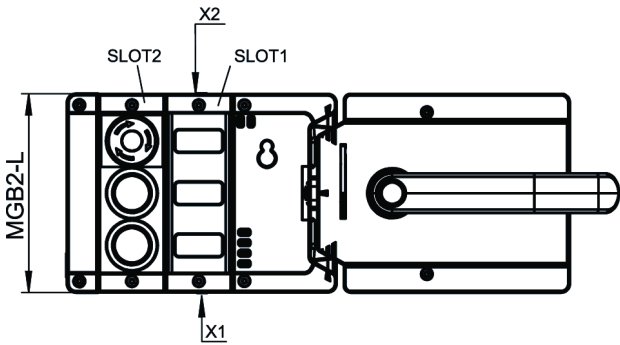

If space is limited, the bus module can be remotely mounted on the locking set.
