

### MO40 2 1/2" PVC METER OFFSET SCEPTER

Product Code	Alt Code	Size
277084	MO40	2 1/2"

Scepter Meter Offset is made of durable rigid PVC and used to connect PVC conduit to a meter box. The offset is designed to move the path of the conduit away from a wall into the holes in the box or meter box. One end is a threaded male and the other is a solvent weld female connection.

#### FEATURES

- Offsets conduit to enable connections to boxes or meter boxes
- Made from durable rigid PVC
- Has a threaded male end and solvent weld female end for watertight connections
- Lightweight yet offers high impact and tensile strength
- Chemical resistant to a wide range of acids, alkalis or salt solutions
- Corrosion resistant for lower maintenance cost and longer life
- PVC is nonconductive eliminating dangerous second point of contact

#### APPLICATION / USE:

- Utilities
- cable
- communications
